Dear Mr Oldfield

I refer to the authority dated 11 February 2019 permitting access to public land owned by the Council that is located outside of Wellington Park to undertake site investigations for the purposes of preparing a planning application.

Please find attached an amendment to that authority to permit the placement of temporary markers to verify proposed road alignment as an Authorised Activity. This amendment addresses a minor drafting issue that has recently been identified.

Should you have any questions please contact Simon Arnold in the Department of State Growth on 61655231.

Yours sincerely
